SUMMARY OF SKILLS AND QUALIFICATIONS

Operating Systems | Windows • Linux • Fedora**Applications** | Jira • Word • Excel • PowerPoint • Slack**Programming** | Java • JavaScript • HTML • CSS**Methodologies** | Agile and Scrum • Project Management • Continuous Improvement**Other** | Visual Studio • GitHub • KiCad • Eclipse • JetBrains IDEs**Languages** | French | Spoken & Written – intermediate • English | Spoken & Written – fluent**Licenses & Certifications** | Valid driving permit

EDUCATION

Bachelor of Engineering – Software Engineering Co-op**2025 - 2029 (Expected)**

Concordia University, Montreal, QC

- Member of the Institute for Co-operative Education
- Relevant Courses: Object Oriented Programming, Web Programming, Data Structures and Algorithms
- GPA 4.11/4.30

DEC in Computer Science & Mathematics**2023 - 2025**

Vanier College, Montreal, QC

- Honour Roll (2023, 2024, 2025)

PROJECTS

FantasyPicks (Personal)**2026 - present**

- Solo project that aggregates player ranking data from multiple major sports platforms—including ESPN, Sleeper, NFL.com, and FantasyPros—into a single, unified interface
- It allows users to select specific data sources, which then dynamically update a central rankings table with source-specific columns. The system calculates an overall consensus rank based on the average positioning of each player across all selected platforms, helping users make more informed draft decisions
- Planned to be released for public use and forking
- Technical skills: Java, Springboot, HTML, JavaScript, CSS, PostgreSQL

Core Competencies: complexity management, critical thinking, logical troubleshooting**Academic Management System (Academic)****2026**

Concordia University, Montreal, QC

- In a team of 4, developed a web application using JavaScript and modules such as Node.js and Express.js for the backend, implementing role-based access control for students, teachers and admins (assignment tracking, course planning, grade visualization)
- Implemented secure user authentication via Firebase Auth; persisted data using Firebase Firestore
- Technical skills: JavaScript, HTML, CSS, Firebase, Node.js

Core Competencies: team work, planning and problem assessment, adaptability

4-Bit Computer (Academic)**2026**

Concordia University, Montreal, QC

- Designed and built a functioning 4-bit computer that performs basic arithmetic operations
- Computer is composed and assembled with the Timing Signal Generator, 4-bit data bus, Program Counter, Arithmetic Unit, Data Registers, Memory Address Register, and a Control Signal Generator components
- Technical skills: KiCad, breadboard configuration

Core Competencies: instruction decoding, schematic interpretation, technical writing**College Pendulum Simulator (Academic)****2025**

Vanier College, Montreal, QC

- Developed a physics simulation engine built with Java 22 and JavaFX. It models the motion of a simple pendulum without friction, using real-time calculations to derive and display angular frequency, displacement, velocity, and acceleration
- The application features a dynamic energy visualization module that maps the conversion between kinetic and potential energy into a real-time mechanical energy bar graph
- User state and simulation preferences are persisted across sessions using JSON data structures managed by the Gson library
- Technical skills: Java, JavaFx, SceneBuilder, GSON

Core Competencies: simplifying complex concepts, attention to detail, troubleshooting**WORK EXPERIENCE**

Commis**Mar 2023 - present**

Jean Coutu, Montreal, Quebec

- Working effectively to make sure all items in store are organized, placed correctly, and undamaged
- Helping any customer with their needs and product inquiries
- Taking and fulfilling customer orders correctly
- Making sure photos for passports and certifications are done perfectly and helping customers with any inquiries regarding photos

Core Competencies: team work, clear communication, efficiency**INTERESTS**

Experience Abroad

• Italy (2024, 2025) • Greece (2024, 2025) • Malta (2024, 2025) • France (2025) • United States of America (2015-2024)

Reading

• Clean Code • Head First Java

Passions

• Gym/Working out • Football • Golfing • Cooking
